prompt reports regarding ployees, or of interruptions to should be made to the Trouble y).

ong Distance Service to the ."

complaint should be made to

MOVING OF INSTRUMENTS

The Telephone is first placed by the Company where the Subscriber directs. If later the Subscriber requires the instrument moved, such removal will be done by the Company at regular charges.

On account of the time needed for changing telephone equipment from one location to another, notice in writing should be given at least ten days prior to the time a removal is desired. Notice given as far in advance as possible, will enable us to remove your telephone equipment so that your service will be practically uninterrupted.

ATTACHMENTS TO TELEPHONES

The Company does not permit any appliances not furnished by it to be attached to its telephone apparatus. It has been found that such attachments often cause trouble and are of no real advantage.

COIN COLLECTOR, PUBLIC TELEPHONE SERVICE

Coin Collectors on Public Telephones have been installed by the Company, for the convenience of Subscribers and the General Public, in suitable locations throughout the City.

IDENTIFICATION OF EMPLOYEES

All employees of the Bell Telephone Company of Canada, whose duties require them to enter the premises of subscribers or others, are required to wear a badge similar to the accompanying illustration, or to produce a card of identification from the Manager. Subscribers are hereby notified to require all persons who ask permission to enter their buildings or premises for purposes in connection with the Telephone to produce a card or badge. Any person, claiming to be an employee of the Company who is without this card or badge should be refused admission, and the Manager be notified at once by telephone.

PUBLICATION OF TELEPHONE NUMBERS

Subscribers are requested not to advertise Telephone Numbers, but simply the words "Telephone Connection," as it may be necessary to change such numbers.

ERRORS OR OMISSIONS IN DIRECTORIES

The Company desires that all subscribers shall be so listed in its Telephone Directory as to ensure efficient service. Errors or omissions should be promptly reported to the Manager. The Company assumes no liability whatever for damages accruing from such errors or omissions.

SURRENDER OF OLD DIRECTORIES

Many telephone numbers are changed and the new numbers listed in every issue of the directory. It is to the subscribers' own interest, as well as that of the Telephone Company, that all old directories be surrendered, as the use of obsolete telephone books result in wrong numbers being called, causing annoyance to both subscribers and the Company.

Calling a Telephone Number Distinctly helps to speed up your Telephone Service.

Telephone Economy

Co-operation

EVERY Canadian is alive to the necessity for unselfish service of some sort, looking towards war-time economy and efficiency.

¶ Where once a few men co-operated in the running of a machine or a business, whole communities are now working together for the welfare of all.

¶ Each telephone call is a temporary partnership between the caller, the operator and the person called.

¶ To get the best out of the telephone so that its task of effecting economies and promoting efficiency may be well done, there must be co-operation.

¶ The person calling must

Make sure of the number by first consulting the directory.
Speak distinctly, directly into the mouthpiece.

¶ The operator must

Repeat distinctly the number asked for, and make quick and accurate connection.

¶ The person called must

Answer promptly and courteously.
Speak distinctly, directly into the mouthpiece.

¶ We ask your co-operation in our efforts to make our service equal to war-time demands.

Consult Only Our Official Directories!

Owing to business changes, moves to new addresses and changes in subscribers' equipment, telephone numbers are constantly changing.

It is of vital importance to the service that you ***consult only our latest directory*** before asking for a number.

The use of detachable covers for telephone books, containing telephone numbers that may soon be changed, leads to errors and service troubles.

We ask that you use only our latest directory in calling numbers, and so protect the service.
